

FENDT

FENDT GOLD STAR CUSTOMER CARE

Simply, the industry's best warranty and service plan.

THE FENDT® ADVANTAGE.

Fendt® tractors and Fendt IDEAL™ combines can trace their lineage back to a family of 17th century German clockmakers. They built more than massive tower clocks. Along the way, they built a reputation for reliability that was second to none. They personally serviced and maintained each one they installed, a commitment that was unspoken but ironclad. It wasn't a matter of profit, but one of pride.

Four-hundred years later, the equipment that bears the Fendt name is also acclaimed for service after the sale — and a lot more. The Fendt Gold Star Maintenance, Service and Warranty Program is quite simply, the best in the business. The goal is uptime *all* the time. And when your Fendt's run is done, all that care comes down to a higher value for your trade.

Today, Fendt has “time” in its heritage and in its purpose — to deliver more reliability, productivity and value than any tractor or combine you've ever owned.

It's Fendt. It's Time.
