

MASSEY FERGUSON

MF 9S SERIES // 285-425 HP

ROW CROP // LARGE-SCALE DAIRY // COMMERCIAL HAY // MANURE HAULING

The Massey Ferguson® 9S Series was designed, with the help of farmers, to be an industry-leading planting, baling and tillage solution. And we can confidently say they're the most intuitive and farmer-focused tractors we have ever produced. With increased hydraulic capacity, comfort and dependability the MF 9S is the ideal tractor for any farmer. You'll get more with the MF 9S – more productivity, more efficiency and more profits, day in and day out.
